COURSE DESCRIPTION: i-STEM is a four day professional development institute focused on STEM education. This year's theme is Project-Based Learning and Idaho State Content Standards. General sessions during the institute will focus on understanding Idaho Content Standards and developing project-based learning unit plans that align to the standards. Participants will attend workshops that cover science, technology, engineering and math (STEM) content within a project-based learning framework and learn how the content is applicable to local interests. Participants will network with one another, hear from keynote speakers and go on field trips.

COURSE OBJECTIVES & LEARNER OUTCOMES:

- 1) Participants will demonstrate an understanding of project-based learning in the context of STEM education.
- 2) Participants will learn how to read, understand and incorporate state content standards into their teaching.
- 3) Participants will learn about a specific STEM topic and receive a kit of materials to implement what they have learned into their teaching practice.

COURSE ASSIGNMENT:

- 1) Educators will attend all four days of an i-STEM Institute (36 hrs).
- 2) Educators will submit a final survey via the Community Grants Portal (<https://idahostem.force.com/gms/>)

FINAL ASSIGNMENT DUE DATE: July 15, 2019 by midnight MST via the Community Grants Portal.
