STEM stands for Science, Technology, Engineering and Math. It’s in these subjects that students learn the skills of critical thinking, problem-solving and collaboration—skills that translate to success in many fields. The STEM Action Center is here to support this development and provide Idaho with the talent pipeline it needs for its economy to thrive. Idaho can generate a strong, STEM-competent and competitive workforce that will make us become a prime STEM business destination.
We build STEM through:

**EDUCATOR ACCESS**
to STEM professional development throughout Idaho

- 22,000 EDUCATOR INTERACTIONS

**WORKFORCE**
development-focused partnerships with INDUSTRY and UNIVERSITIES

- 8,000 STEM EDUCATION interactions through communities and businesses

**Student STEM COMPETITIONS**
and camp support

- 164,000 STUDENT INTERACTIONS

Today’s students will be tomorrow’s workforce, and the STEM Action Center has been created to develop the STEM-skilled talent that Idaho employers need.

**TODAY’S EFFORTS. TOMORROW’S SUCCESSES.**
Industry participation is essential for success, and we’re here to help make that participation easier. We’ve created many ways for Idaho businesses to engage with STEM education. From mentoring and volunteering to donating and partnering, you can help move the economy forward by closing the gaps in Idaho’s workforce. Let us help you help Idaho!
