- **What happens if the business wished to terminate the project before the 200 hours has been met?**

It is important for both the teacher and host to know that if problems occur in the early stages of the experience, the coordinators are in place to assist both parties and do everything possible to allow the experience to continue. If it is determined that the externship cannot be continued, the teacher will be compensated pro rata for the hours worked and accepted by STEM AC.

- **Is the business required to do any paperwork, other than an application, to start an extern?**

The employer must have a project description provided to the STEM AC no later than May 1, 2023.

The extern must submit the required paperwork (contract, W-9, and work schedule) to STEM AC's Grants and Contracts Analyst. The externship cannot begin until all paperwork has been processed by the STEM AC.

- **After a candidate has been selected by my business who will contact the candidate to let them know they were selected?**

If a business wishes to offer a candidate their extern position, it is up to the business to contact the candidate to make an offer. Some candidates may be interviewed by multiple host sites so it's important to set up interviews and make an offer in a timely manner. Once a candidate has been selected and an offer has been accepted please notify the [Partnership Program Coordinator](#).

- **Who do I contact if my business would like to interview additional candidates?**

Note: STEM AC, together with WDC, will host two orientation meetings (one in mid-January, the other in mid-February) for host sites to review this handbook and answer any questions that may arise.
