

Idaho STEM EcosySTEM Working Groups

Interested in joining a working group? Please reach out to the committee lead.

Infrastructure Workgroup | Lead: [Erica Compton](#)

Formalize the Idaho EcosySTEM structure, leadership team, bylaws, and business plan.

Communications Workgroup | Lead: [Dan Schillo](#)

Align communications efforts to promote awareness of the importance of STEM and develop metrics to share annual data and success stories.

Capacity Workgroup | Lead: [Susan Stauffer](#)

Convene partners to build capacity and continued investment in STEM pathways through hosting an annual convening and building networks in local communities to integrate STEM at home, in the classroom, and in the community.

STEM Experiences Workgroup | Lead: [Ashley Schaffner](#)

Coordinate existing STEM experiences to improve access and opportunities for priority audiences including youth (Pre-K-20), families, educators (formal and informal), and employers.

Educator Preparation, Training, and Support Workgroup | Lead: [Jennifer Redford](#)

The goal of this group is to find new and better ways to prepare and support PreK-20 educators in STEM education. We are a diverse group, with individuals from formal and informal learning, school administration, higher education, after school programs and out-of-school organizations, curriculum developers, state agencies, and industry.
