COURSE DESCRIPTION: i-STEM is a four day professional development institute focused on STEM education. This year's theme is Amplify STEM. General sessions during the institute will focus on how to develop successful partnerships within participants' organizations and communities to further STEM education for their students. Participants will attend workshops that cover science, technology, engineering and math (STEM) content within a project-based learning framework and learn how the content is applicable to local interests. Participants will network with one another, hear from keynote speakers and go on field trips.

COURSE OBJECTIVES & LEARNER OUTCOMES:

- 1) Participants will demonstrate an understanding of project-based learning in the context of STEM education.
- 2) Participants will learn how to read, understand and incorporate state content standards into their teaching.
- 3) Participants will learn about a specific STEM topic and receive a kit of materials to implement what they have learned into their teaching practice.

COURSE ASSIGNMENT:

- 1) Educators will attend all four days of an i-STEM Institute (36 hrs).
- 2) Educators will submit a final survey via the Community Grants Portal (<https://idahostem.force.com/gms/>)

FINAL ASSIGNMENT DUE DATE: July 15, 2022 by midnight MST via the Community Grants Portal.
