- **For:** K-12 Teachers
- [Learn More and Apply Here](#)

***Applications Under Review:*

- PK12 Innovative STEM Project Grant
- Computer Science Device Grant
- Professional Development Initiative
- Wonder Media Story Maker Grant

Idaho Science & Engineering Fairs

The Idaho STEM Action Center is proud to sponsor regional science and engineering fairs for high school students and educators to participate in during the 2016-2017 school year. We currently have 97 high school student teams registered to compete and we are looking for more!

Educators can apply for up to \$2,000 to purchase classroom materials for student projects and to cover travel costs for the educator and their student(s) to attend their regional fair. The top student projects at each regional fair will have the opportunity to attend the national Intel ISEF in May 2017 and represent Idaho. All expenses for attendance at nationals will be covered by the Idaho STEM Action Center.

REGIONAL FAIRS:

- [Western Idaho Science & Engineering Fair](#) | February 18, 2017 @ Boise State
- [Northern Idaho Science & Engineering Fair](#) | March 4, 2017 @ University of Idaho
- [Eastern Idaho Science & Engineering Fair](#) | March 11, 2017 @ Idaho State

Hour of Code / Computer Science Week (December 5-11, 2016)

Hour of Code is a one-hour introduction to computer science where anyone can learn the basics. Tutorials are available in over 45 languages for all ages. Every Idaho student, teacher, parent, and others who completes an "Hour of Code" may enter into a drawing sponsored by Idaho Digital Learning and STEM Action Center to win various prizes including an iPad Mini.
